Advent Inspiration on Love

Lesson Five

Recognize the work of Christ as the ideal brotherhood and lend your powers towards that attainment in your own group with expressed Christ love for all.

Now Christmas to Christ must idealize a greater love for the Divine in man's heart. Next to this I believe it would be lasting peace on earth. And if He was conscious of the fact that there were any who had brought themselves to peace about something that had troubled them a long time, some grudge or prejudice or in a group, racial or religious intolerance; if He could observe this in these areas, in these hearts, peace had been brought through there would be much joy lifted to Him.

Make us a Channel of His Love

Lessons on love from the Great Hierarchy of Perfected Souls who serve Christ on the Inner:

There are some who are slaves to their desires for attention, for love and adulation.

Action: Throw off the yoke upon dependence of mortal esteem, upon being indulged to the pleasure of your pride or your seeming need. Learn to enjoy that strength that comes from loving divinity for itself—while realizing one stands always in the Presence of the divinity that is love.

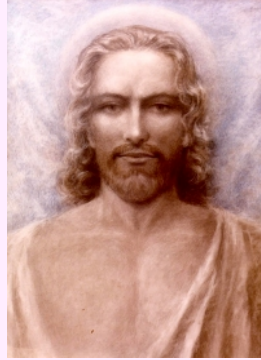

It is needful that you consider the alchemical influence of love in the work of healing. Occasionally, your instinctive nature will incite a threatening storm, an inundation of unmastered forces.

Action: If one is able, during these uprisings of criticism, doubt, rebellion, call them by whatever name suits or is apparent, allow the quality and the baptism of love from the soul self to saturate, cleanse, pacify and release these inward storms.

Let your love for one another to be expressed through highest action. Let your love be spiritual in nature, for when it is thus, it places no expectation upon the loved. But it looks deep into the heart and accepts without repulsion or condemnation of what has many times been the evil past. This spiritual love likewise enlivens the fires of growth and through goodwill nourishes the brother's desire for unfoldment.

Action: Those who serve the Lord and who walk in the way of spiritual knowingness must be intelligent miners, using sincere and ever-deepening methods for finding access to that jewel in every person's being. You are impoverished until you find it.

Closing Thoughts and Prayer by Flower A. Newhouse

Turn your eyes upon Jesus,
Look full in His wonderful face,
And the things on earth
Will grow strangely dim
In the Light of His Glory and Grace.
